Guarded as Being Another  
in Fight Between Harri-  
man and Hill.

First dispatch from New York is  
that the Hawley interests  
purchased the Chesapeake & Ohio  
port is not unlike the one cir-  
cled the Colorado & South-  
west changed hands several  
times. It was first reported that  
it had been purchased by the  
interests, but a little later it  
was known that it had been ac-  
quired by the Burlington & Quincy  
or the James J. Hill interests.  
It will be seen that the acquire-  
ment of the Hawley interest  
entirely speculative and in un-  
well informed circles it is won-  
dered whether or not the present deal  
is the result of the present deal  
one. Rumors on Wall street  
the effect that Edward H. Har-  
man, Hill's greatest competitor,  
will purchase.

144 West First South street, changed

cile Edwards, for the past two years  
proprietor of the Keith apartments, at  
122 East South temple street, assumed  
charge of the Colonial. The new man-  
agement has bought the building out-  
right, and the price paid for them

## If It Disappears, It's Eczema

How to Tell Whether a Skin Affec-  
tion is an Inherited Blood Disease  
or Not.

Sometimes it is hard to determine  
whether a skin affection is a sign of a  
blood disorder or simply a form of  
eczema. Even physicians are often  
puzzled in their diagnosis. The best  
way for any one afflicted is to go to  
the F. J. Hill Drug Co., or any good  
druggist who handles pure drugs and  
obtain 50 cents' worth of poslam. Ap-  
ply this, and if the itching stops at  
once and the trouble is cured in a few  
days it may be set down as having been  
eczema, as this is the way poslam acts  
on the worst cases of eczema, and in  
curing acne, herpes, blotches, tetter,  
piles, salt rheum, rash, barber's and  
other forms of skin, scalp, and all  
surface skin affections.

## GRIDIRON CLUB'S FAREWELL TO TEDDY

Continued from Page One.

the tune of "On the Banks of the  
Wabash."

"Oh, the cocktails they are crowing in  
the morning.  
And the buttermilk is flowing through  
the bay.  
They are waiting the return of Fair-  
banks."

On the banks of the Wabash far  
away."

During the evening the first line sung  
by a clear tenor directed attention to  
the president of the United States. It  
was a song about "Roosevelt, Good  
Dutch Name." It told how the presi-  
dent made the air blue with the mes-  
sage, "I am a Dutchman." They found  
that the principal ingredient of milk is  
water, that ancient eggs are sold to city  
folds as strictly fresh and that open-  
work plumbing is confused in the rural  
mind with openwork shirt waists.

A number of members appeared as  
the president's country life commission.  
Some startling discoveries were made  
by these frock-coated, college-degreed  
gentlemen. They found that the prin-  
cipal ingredient of milk is water, that  
ancient eggs are sold to city folds as  
strictly fresh and that open-work  
plumbing is confused in the rural  
mind with openwork shirt waists.

Message to Teddy.  
As they departed, a messenger boy  
handed President Hill a cablegram. It  
read:

"The 'possum am very, very fine."  
"WILLIAM H. TAFT."

The message came from Panama and  
served to introduce Major Alfred J.  
Stofer, a southern correspondent, who  
sang his famous "Watermelon and  
'Possum" song.

Among those present were:  
President Roosevelt, Vice President  
Fairbanks, the British ambassador, the  
German ambassador, Senators Bourne,  
Clapp, Curtis, Doolittle, Kittredge,  
Stone, Speaker Cannon, Representatives  
Bartholdt, Burke, Clarke of Missouri,

St. Louis and Thomas F. Walsh of Colo-

## Shortage of Staple Wool.

BUTTE, Mont., Jan. 30.—Private ad-  
vices received here today from the east  
say that there is a famine in staple  
wool in America. Foreign and domestic  
markets are the strongest on record.  
The London markets show a 5 per cent  
advance on merinos and an advance of  
7 1/2 per cent on cross breeds. Undoubt-  
edly next season will develop as high or  
higher prices have never been recorded  
in previous years.

## RAILWAY OFFICIALS INSPECTING SYSTEM

Simmen Automatic Railroad Sig-  
nal Company Operating  
on Santa Fe.

PERRIS, Cal., Jan. 30.—Officials of  
the Santa Fe, Southern Pacific and Salt  
Lake railroads are here to inspect the  
operations of the Simmen Automatic  
Railroad Signal company, which has a  
test line in operation on the eighteen  
miles of Santa Fe track from High  
Grove to Perris. Under this system the  
road is divided into blocks, and each  
train records on a sheet in the train  
dispatchers' offices the exact time it  
enters and leaves the block. The dis-  
patcher can signal direct to any engi-  
neer on his division to stop or proceed.  
This is done by a system of lights  
flashed before the engineer in his cab,  
and also by the use of the telephone,  
bringing the engineer into direct com-  
munication with the dispatcher at cer-  
tain points along the line.

## BROWN DEPLORES ATTACKS ON RAILROAD COMPANIES

NEW YORK, Jan. 30.—W. C. Brown,  
president of the New York Central rail-  
road, deplored attacks on the railroads  
in an address last night at the annual  
dinner of the New York university  
school of commerce. It was at this din-  
ner that Kokoi, a student of the uni-  
versity, made a speech in which he  
condemned the railroads and spoke of the  
misunderstanding between this country  
and Japan. In his address, Mr. Brown  
said, in part:

"Vages of railroad employees in the  
United States, and almost all articles  
used in construction, maintenance and  
operation, average 75 per cent higher,  
while freight rates average 60 per cent  
lower, than thirty years ago."

"Is there not food for serious thought  
in these facts, and do they not argue  
powerfully for patient and kindly con-  
sideration of the railroad  
question as a whole?"

## PROJECTED ROAD FROM PORTLAND TO BUTTE

PORTLAND, Or., Jan. 30.—Articles  
of incorporation of the Portland, Butte  
and Baker City Electric Railroad  
company were filed today. The company  
is incorporated at \$2,000,000. The in-  
corporators are local men unknown in  
the railroad world. They say eastern  
capital is back of the company. The  
articles of incorporation say the road  
will run from Portland to Baker City,  
across Idaho and Montana to Butte.

## Appointed Assistant to Hill.

ST. PAUL, Jan. 30.—It was an-  
nounced at Great Northern headquarters  
here today that L. C. Gilman, formerly  
attorney for the Great Northern in  
Seattle, had been appointed assistant to  
President L. W. Hill of that road. Since  
the promotion of L. W. Hill to the presi-  
dency, the position of assistant has been  
vacant. Mr. Hill having formerly held  
that office.

## PUBLIC SERVICE PEOPLE SAY THEY WILL BUILD

The intimation in a morning news-  
paper of Salt Lake City that the Public  
Service company will not construct  
a plant here, and the intimation that  
the company is in a bad way, were  
emboldened in a communication to  
Thomas R. Black, chairman of the  
municipal laws committee of the  
city council, from Joseph J. Cham-  
bers, head of the concern, Saturday.

The communication is in the form of  
a telegram to Mr. Black from Mr.  
Chambers, now at Shreveport, La.,  
which reads as follows:

"Report that Public Service company  
will not construct plant there untrue.  
Construction will go forward as soon  
as weather favors. If your commit-  
tee have instruction or information  
first hand write me. Leave here to-  
day. Columbus, O., after Monday."

## JUSTICE HANKS FAVORS BILL FOR CORONER'S JURY

Justice Stanley A. Hanks said Sat-  
urday that the bill introduced in the  
senate providing for the impaneling of  
a coroner's jury in cases of sudden and  
unnatural deaths is a good one. Jus-  
tice Hanks is the new coroner, taking  
his oath of office at the beginning  
of the new year, succeeding Dana T.  
Smith.

## Although in office but about four weeks, Mr. Hanks has been called upon to act as coroner in a number of cases. In none of the cases was there a coroner's jury, notwithstanding the fact that the members of one of the families in which the death occurred requested it. However, the county at- torney did not deem it necessary.

## JAMES TOWMAN FALLS DOWN FLIGHT OF STAIRS

James Towman, 30 years old, fell  
down a flight of stairs on East First  
South street, near Commercial street,  
Saturday night at 10:30 o'clock, re-  
ceiving a slight scalp wound on his head.  
The man was picked up by the police  
and taken to the emergency hospital,  
where Dr. F. B. Steele dressed the  
wound. The man was very much under  
the influence of liquor, but his fall  
seemed to sober him up to some extent.  
At the hospital the officers tried to frighten  
him by telling him he was surely going  
to die and that he should send for his  
relatives.

## STOCKADE IS RAIDED.

Three deputy sheriffs visited the  
"stockade" Saturday evening and as a  
result two men and two women were  
arrested. The arrest was made by  
Deputies Corliss, Burdick and Smith  
at 10:15 o'clock. The men were re-  
leased on their own recognizance and  
the women were released on bonds of  
\$300 each.
